

Virginia Archery

August 2005

The VFAA was formed, authorized and approved by the NFAA on January 16, 2004 as the state association representative for NFAA in Virginia.

The VFAA Annual General Meeting will be held on August 28, Sunday noon to 4:00 P.M. at the Prince William Archers, Izaak Walton meeting room. Location PWA ranges.

This meeting is for all VFAA members. If you paid your NFAA dues in Virginia, then you are a member. All clubs in Virginia are welcome to attend, regardless of affiliation. VFAA Charter information will be available. We know that many of you have questions about the VFAA, now you can attend and get answers from the people that are positive thinking, knowledgeable, and possess exemplary candor.

One purpose of this meeting is to schedule the VFAA Indoor and Outdoor Championships for 2006.

We want your club to publish its schedule with us. Your club schedule belongs to your club and not to any association! VFAA will publish all clubs tournament schedules in newsletters, Virginia Archery Guide, and website regardless of NFAA charter status and there will not be any per-head charge, ever.

VFAA will also publish your shoot results on the website, so be sure to send that information as well as other club information to the webmaster, Jim Overfelt.

Charter my club, Why Bother?

Many clubs in Virginia have been charter with the NFAA for 40 years and now belong to no known national organization! Why? Archers in Va. have been members of the NFAA and have enjoyed the benefits of National and Sectional Tournaments, Insurance, 20 pins, Big and Small Game awards, NFAA Scholarships, National recognition for high scores, NFAA Bowhunting Defense Fund and the list goes on. For \$45, your club can again be chartered, your range be officially inspected and you will again be eligible for all NFAA benefits and awards. Belonging to a local Bowhunters association should not inhibit you from chartering and joining the NFAA! **Think about it.**

NFAA direct bills for the NFAA dues and VFAA dues at whatever time during the year the member's expiration occurs.
Club VFAA Charter fee \$20.00 NFAA \$25
Club Charters with VFAA expire December 31.
